Programs include support groups, the Family-to-Family Education Program, In Our Own Voices: Living With Mental Illness Presentations, and Older Caregivers of Relatives with Major Mental Illness Workshops, and the Peer-to-Peer Recovery Education Program.

Advocacy: Advocacy on the state and national level is necessary to ensure quality services for persons with mental illness as well as protecting and supporting their basic human rights. NAMI MD advocates for more enlightened laws, adequate funding, access to services, and insurance coverage.
