History of Urban Squash

- 100% of participants graduate from high school.
- 93% of participants earn a college degree.
- $4 million in high school scholarships have been awarded to 40 “urban squashers” across the country.

The National Urban Squash & Education Association assists new programs like ours to achieve equally successful outcomes.

Our Inaugural Team!

The 2008-2009 SquashWise season has begun with our first class of 16 students from Booker T. Washington Middle School in west Baltimore. Our students love squash already, and they are working hard in the tutoring room. We have great expectations for this group of highly motivated youth!

Meadow Mill Athletic Club

Squash practice takes place at Meadow Mill Athletic Club in Hampden. Meadow Mill has generously donated court space for our inaugural team.

Meadow Mill is a premier, state-of-the art, 40,000 square foot, full fitness athletic club housing fourteen singles (International) and two doubles (American) squash courts. It is the largest commercial squash facility in the United States.

Program Objectives

*Baltimore SquashWise team members will:*

- Develop a positive attitude towards school.
- Increase school attendance.
- Improve grades.
- Improve behavior at school and practice.
- Participate in community service projects.
- Succeed in local, state & national squash competitions.
- Improve physical fitness and nutritional awareness.
- Graduate from high school and enroll in college.

Bokeer T. Washington Middle School

Baltimore SquashWise works with middle school students from Booker T. Washington Middle School in west Baltimore. The Principal, Dr. William Bailey, is extremely enthusiastic about providing quality after-school programs for his students, and is working closely with our program to ensure its success.

Partnerships

Harrow sports generously donates equipment to SquashWise students. Harrow has taken a lead role in supporting urban squash and education programs nationally.

The Maryland State Squash Racquets Association (MSSRA) supports SquashWise and has promoted squash in Maryland for over 100 years.
Baltimore Spaethiswise is a nonprofit after-school program combining academic instruction, athletic activities, and service. Bringing the lives of Baltimore's youth into the greater community.
